---

**PROFILE**

- Built scalable web apps across 15+ projects, including a freelance college fest site using HTML, CSS, and JavaScript that served over 1,000 users.
- Currently interning at Ziya Academy, contributing to full-stack applications with React, Node.js, MongoDB, and TypeScript in Agile teams.
- Developed REST APIs with JWT and implemented CRUD features for dynamic data.
- Write clean, modular code using Git to ensure maintainability and smooth team collaboration.

---

**PROFESSIONAL EXPERIENCE**

Jun 2025 — Present

### MERN Developer Intern – Ziya Academy, Kochi, Kerala

- Built and deployed 15+ full-stack web applications using React, Node.js, Express, and MongoDB.
- Developed REST APIs with JWT and implemented dynamic CRUD operations.
- Validated all fields and components to meet functional and visual requirements.
- Delivered production ready features for user management, task tracking, and admin workflows.

Jan 2025 — Feb 2025

### Freelancer – KITS College of Engineering, Kottayam, Kerala

- Designed and developed a college fest website used by 1,000+ students for multi-event registration.
- Built smooth, responsive pages with consistent design and performance using HTML, CSS, and Js.
- Integrated Google Sheets API to collect and manage over 2,000 event responses across 28 categories.

---

**PROJECTS**

- **Project Collaboration Tool**  Built a full-stack app for team-based project tracking with role-based access, real-time updates, and MongoDB aggregation. Used React, Node.js, Express, and JWT authentication.
- **E-Commerce App**  Developed a scalable MERN-based e-commerce platform with product listings, cart functionality, and secure user authentication.
- **Personal Finance Management System**  Created a dashboard for tracking income, expenses, and savings goals. Integrated charts and CRUD operations using React and MongoDB.
- **College Fest Platform**  Designed and deployed a multi-event registration site used by 1,000+ students. Integrated Google Sheets API and hosted on GitHub Pages: **[LIVE LINK]**
- **More Projects Available at Portfolio:**  Explore additional MERN stack apps including Blog App, User Management System, Job Tracker, Vulnerability Scanner, and more at: **[LIVE LINK]**

---
